

In association with

Bradwell Creek

Notes

Depths in metres reduced to CD based upon tidal data provided by the British Oceanographic Data Centre. Positions refer to the WGS 84 datum.

Soundings taken 01.09.10, 21.09.10, 07.10.10 and 19.07.11. Buoy and Withy positions as at 28.07.2011.

Caution

Soundings taken on leisure equipment. Whilst every care has been taken in the preparation of this data, there is no guarantee that these depths will remain.
